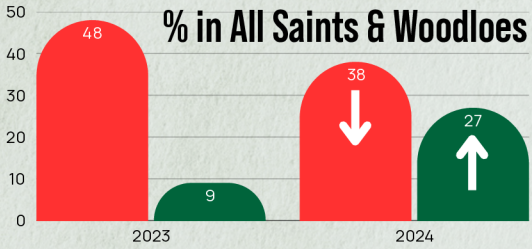
Time for **new**. Time for **better**.

My leaflets are designed, paid for and delivered **by locals, for locals**.

OUR AREA IS GOING GREEN

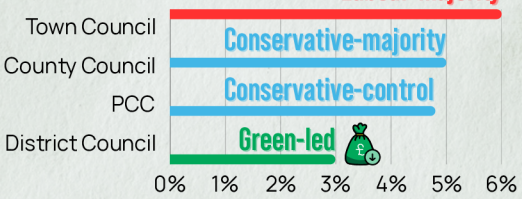
Sam came **so close** here last January. By-elections tend to favour the larger parties, but whilst Labour's vote-share tumbled, Sam & the Green Party's soared!

Figures based on percentage of votes in 2023 District Council elections vs Jan '24 Town Council by-election.



Who's Raising Council Tax?

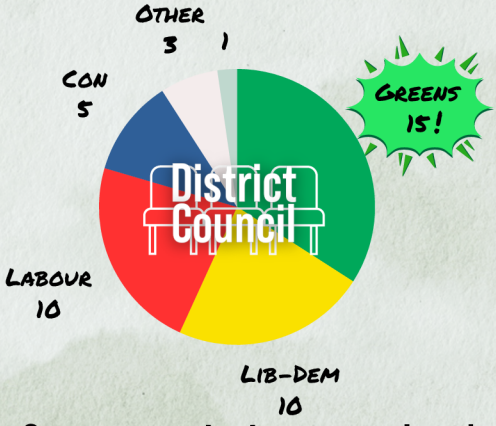
*Proposed increases



BY-ELECTIONS COST £11K+ A POP

This is your second district by-election in 13 months, each because **a Labour councillor left you in the lurch**. What a waste of money.

Unlike the other parties, Green councillors can't be ordered by their national party, so electing **Sam** gets you a councillor who's here to stay and can make sensible decisions **without a hand tied behind his back.**



Greens are winning everywhere!
You can win a Green here too!

Vote for Sam Jones to get a strong local voice on the District Council who listens to your needs and, as Greens are the largest party, has the power to bring about the change you actually want.
